

Beauty Salons Booking Platform

Client App • Admin Panel

Manage your padel court bookings with ease.

What Is It ?

A fully branded, easy-to-use app that let your customers book salon or spa services in seconds. Whether you run a small beauty studio or manage multiple branches, our solution helps you automate bookings, manage staff, and grow your business.

Your brand. Your services. Your app.

Here's what's included:

A **customer app** to browse services, book appointments.

A powerful **admin dashboard** to manage schedules, staff, services, and clients.

Perfect for :

- Hair salons, Nail bars
- Spas & wellness centers
- Massage clinics
- Beauty studios & freelancers
- Multi-location beauty brands

What's Included?

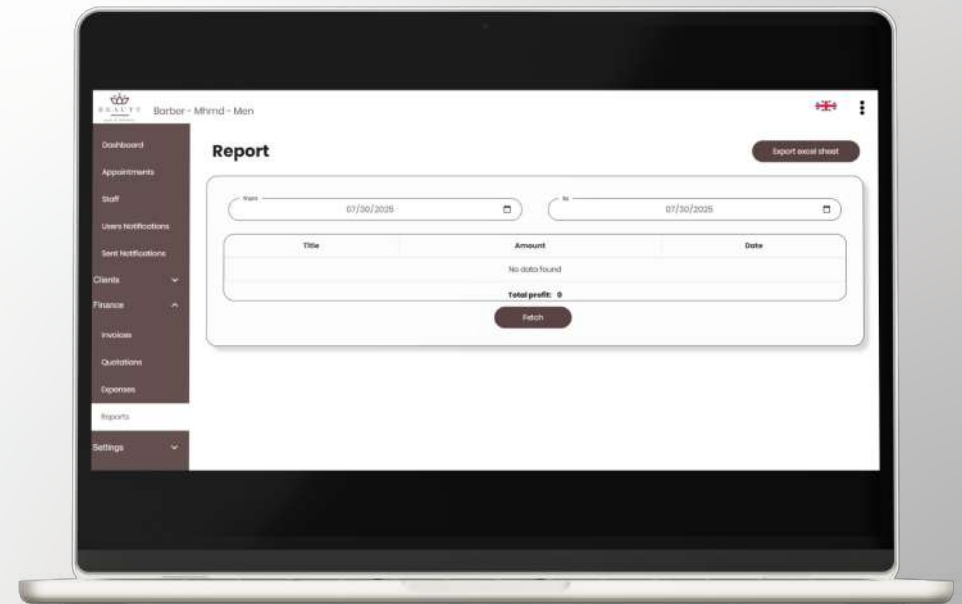

Client App:

Your clients can easily browse services, choose their favorite stylist or therapist, book a time that suits them, all in a few taps.

Admin Panel:

Manage appointments, staff schedules, pricing, and clients, all from a single place. Designed to save time and keep your salon running smoothly.

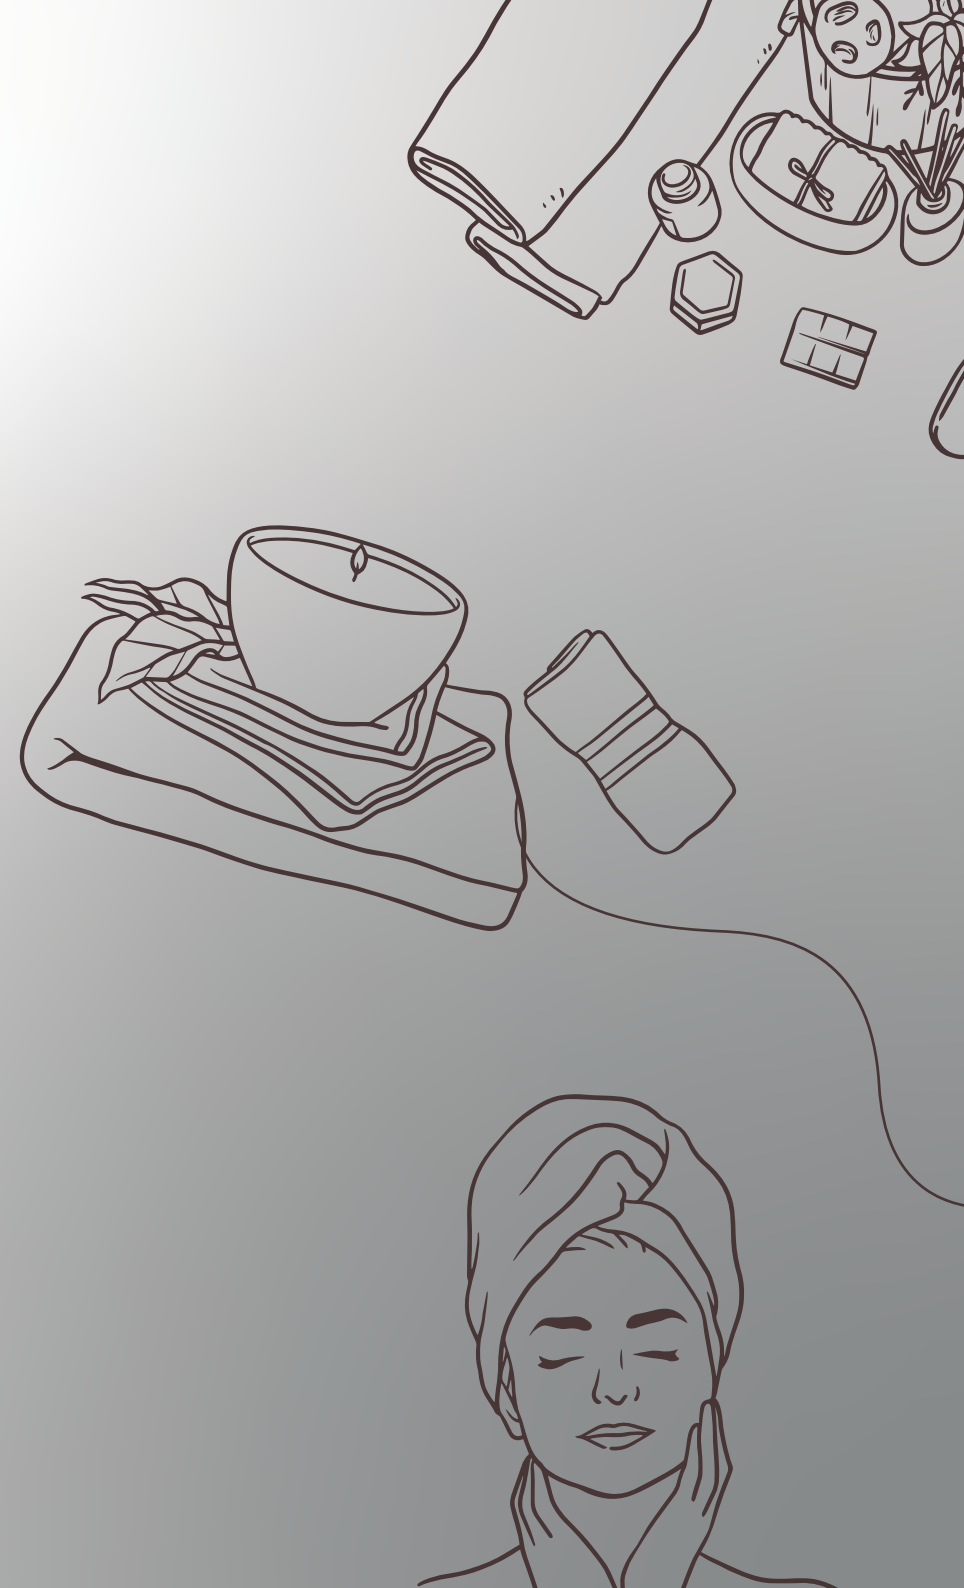

Key Features:

For Admin

- View, cancel, or reschedule appointments easily
- Track income, service usage, and client activity
- Set working hours, prices, and off days for each service or staff
- Send instant updates, offers, or promotions to clients
- Access client profiles and appointment history
- Add staff members with customized access permissions

For Users

- Check all salon notifications and updates in one place
- Browse available services with photos and details
- View salon location and get directions on the map
- See available time slots and book your appointment instantly
- Stay updated with real-time reminders and booking changes

🔑 Key Features for Your Customers:

- **Real-Time Availability:**

See available dates, times, and staff instantly.

- **Smart Notifications:**

Get appointment reminders and updates.

- **Treatment Gallery:**

Browse photos of services, spaces, and styles before booking.

- **Booking History:**

Your full padel booking record, easy to check

- **Chat Support:**

Reach out via email through the app.

- **Location:**

Check salon locations directly in the app.

Admin Dashboard:

- **Bookings Control:**

View, manage, cancel, or reschedule bookings.

- **Reports & Insights:**

Track income, court usage, and customer activity.

- **Service Scheduling:**

Set working hours, service rates, staff availability, and holidays with ease.

- **Promotions & Announcements:**

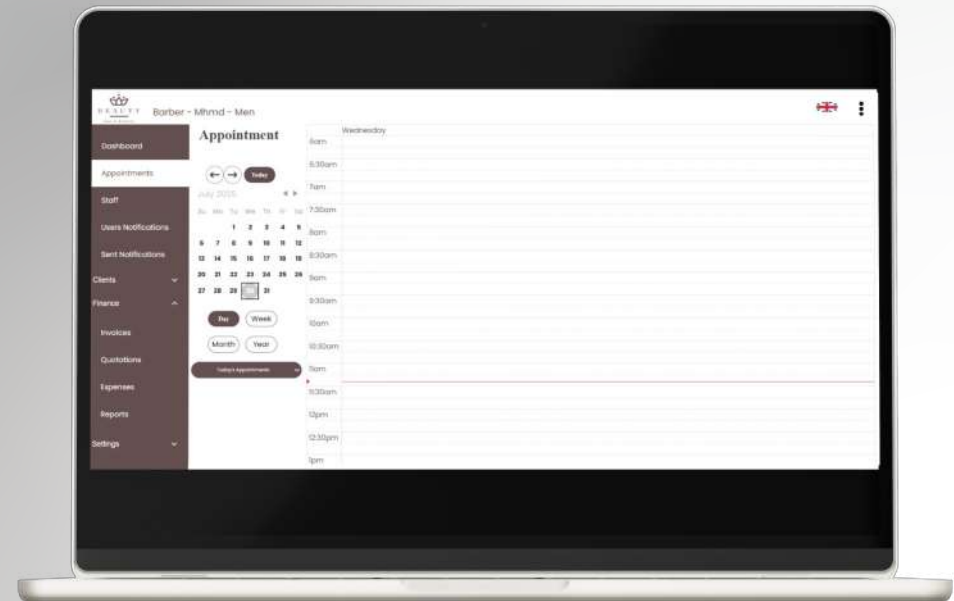

Send updates to users instantly.

- **User Management:**

View user profiles, booking history, and contact info.

- **Staff Roles:**

Add managers or staff with limited access.

Business Value:

- ✓ **Reduce manual work:** Eliminate phone calls, spreadsheets, and last-minute confusion
- ✓ **Maximize revenue:** Fill empty slots with smart scheduling and offers
- ✓ **Offer a professional experience:** Branded app increases trust and loyalty
- ✓ **Build your community:** Events, tournaments, and player groups increase engagement
- ✓ **Track performance:** Make data-based decisions to grow your business

Why Choose Us?

We don't just build booking apps, we understand how beauty businesses run.

- **We understand beauty:** This app was designed with salons and spas in mind.
- **Fully customizable:** Your branding, your services, your experience.
- **Fast delivery:** Launch your branded app in under 10 days.
- **Ongoing support:** Training, updates, and reliable customer service included.
- **Ready to grow:** From solo stylists to multi-branch salons, the app scales with you.

***You pamper your clients.
We'll handle the system behind the scenes.***
